WOMAN DROWNS AND TRACK WASHED OUT BY HEAVY DELUGE

Spadra Passenger of Bus Falls Off Running Board Into Stream

HELLMAN AVENUE, RIVER

3.46 Inches of Rain Falls, Bringing Total Up to 13.19 Inches

Rain Figures in Inches

Storm	Total	Year Ago
3.46	13.19	4.11

Clear skies today looked down upon a citrus district drenched with more than three inches of rain, on ruins left by the storm and on communities made happy by the assurance of an adequate water supply.

Pacific Electric trains were stopped at Hellman avenue, Alta Loma, from 2:30 o'clock on yesterday as the result of the waters washing out the underground at the crossing. Busses transferred the passengers from one train to another and the service was delayed only a short time. Workmen had the crossing repaired by midnight and the car service had a clear path today. The Santa Fe crossing at Hellman was also partly washed out.

Hellman avenue and San Antonio avenue carried rivers of water yesterday with many other arteries flooded over.

In general, citrus growers greatly enjoyed the deluge, which started early Monday morning and continued until last night. By noon yesterday the run off mounted to considerable proportions.

One woman's life was taken by the storm in San Bernardino county yesterday. Mrs. Grace Wright, 41, Spadra, was drowned after a Motor Transit bus, in which she was a passenger, plunged into the main stream of San Timoteo creek near Loma Linda. The accident occurred at 7:30 o'clock last night. The driver, hindered by darkness and the heavy rain, allowed the machine to nose into the six-foot stream. The heavy flow forced the machine downstream.

The bus, carrying two passengers, was tilted so that one side was out of water. One passenger was gotten to safety and Mrs. Wright was on the running board, preparatory to being assisted. It is believed she became dizzy and fell into the water, her body being sucked under the bus. The driver, S. J. Tobey, El Monte, attempted to rescue the woman, but it was nearly 11 o'clock last night before her body was recovered.

Baby Vasbinder Born on Christmas Morn; First Son of Family

In the early hours of Christmas morning Santa Claus paused in his round of gift-making and made an important visit at the San Antonio Community hospital, presenting Mr. and Mrs. David L. Vasbinder with the best of all Christmas gifts, a fine son. The baby was born at 5:30 a. m. Friday, and weighed seven pounds and six ounces. He has been given the name of Jimmie David.

The very proud father, Upland's enthusiastic angler and president of the Southern California council, Izaak Walton League of America, is sure that his husky son soon will be grasping the rod in true fisherman style.

There is a cunning little daughter in the family, Mary Jean, four and one half years old, who is quite happy over the surprise acquisition of her baby brother.

Mr. and Mrs. Vasbinder are receiving many congratulations upon their good fortune.

Night Basketball To Get Started Tonight

Night basketball league for the Chaffey district will be started tonight with five times likely to be entered, Fred H. Clapp, in charge, said today.

Lemon Growers' and Creighton's will be the Upland teams in the competition, the others being Ontario Y. M. C. A., Hotpoint and Union Oil company. Until early next year, only practice games will be held, with the league getting officially under way later.

Thursday Will Be Day for Next News

Look for The Upland News on Thursday afternoon instead of Friday afternoon.

Start of a new year comes on Friday. To provide people in the Upland district with news prior to the holiday, The News will appear one day earlier than usual. It will be out Thursday afternoon and delivered to all parts of the Upland district, to Cucamonga, Alta Loma and Etiwanda.

Second Avenue Site Leading in Favor

The southwest corner of D street and Second avenue still is leading in favor as the proposed site for the postoffice building, many who express a preference on the matter being of the opinion that this would be the most central location. Mr. and Mrs. J. F. Haddow are two of the many who have voiced preference for the Second avenue site.

J. I. Stauffer of Second avenue is another who is in favor of the D street and Second avenue site, declaring that will be the most convenient for the business section.

BUILDING OUTLOOK FOR CITY BRIGHT

$90,000 Lemon Growers' Addition Will Give New Year Boost

Upland's 1931 building record is only $30,000 below the mark set in 1930 and Ted C. Combs, building inspector, has today tabulated prospective buildings that will give 1932 one of the greatest building starts in recent years.

Total of permits issued during the year up until noon today was $122,243, as compared with $153,130 for 1930. Ninety-three permits were issued during the year, 99 being issued last year. December's building total so far is $24,400.

Outstanding among the jobs for the new year is the proposed $90,000 addition by the Upland Lemon Growers' association. Work on this project will be under way within a few weeks and the plant will be rushed to completion.

Construction of a manse by the Presbyterian church is proposed at a cost of $6000. If the Methodist church officials follow an adopted program, a new church unit will be built. These three projects themselves, if realized, would bring a total more than the present 1931 mark.

Building and loan associations will follow a more liberal policy within a short time and this will result in the construction of many private residences, it is believed.

Mrs. Marvel Hurt in Traffic Crash

Mrs. P. N. Marvel, Foothill boulevard, Upland, received injuries when the car in which she was a passenger, collided with one driven by Ramon Ramirez, Anaheim, at Euclid avenue and Eighth stret. Frank Garcia, Claremont, passenger with Ramirez, was also hurt.

Mrs. Marvel was in the car driven by E. E. Jones, Upland, Mrs. E. B. Marvel, Walnut, also in the car, escaped uninjured. Jones was driving north on Euclid and Ramirez, east on Eighth street, police reported.

KAMEHAMEHA GAME NEXT YEAR TO BE STUDENT QUESTION

Chaffey Jaysee Is Undecided About Another Series of Contests

GRID FUND HAS DEFICIT

$3000 Sum Required to Bring Islanders Here; Crowd Here Is Small

Whether or not Chaffey junior college football team will make a trip to the Hawaiian islands next fall in another series of games with the Kamehameha college will be determined by action of the students themselves, it was indicated today. The matter of another two-game series, one on the islands and one here, has been discussed, but not officially, it was reported from Dean Charles J. Booth this morning.

Attendance at the return game here Saturday was under the anticipated crowd with the result the deficit is larger than expected. Gate receipts were about half of the amount that a capacity crowd would have turned in.

Among many of the students, it is known that another series of games is wanted. Spirit in the student body has been at a high pitch during last year and this year as the result of the grid contests. First of the money toward the Kamehameha fund was raised last year by student performances. A portion of the student body fees also went toward the fund.

How much more is needed to take the fund out of the red was not known today by Ernest W. Fischer, vice - principal. Some deficit was expected and the students planned to raise additional money for the fund during the year, he explained.

Official negotiations between Chaffey and Kemehameha will be handled by Mr. Booth if the local students decide to undertake the obligation. It cost Chaffey $3,000 to bring the islanders here.

The visiting grid squad was enjoying snow in the San Bernardino mountain resorts today. On New Year's day, the group will attend the U. S. C.-Tulane game in the Rose Bowl.

B. M. BYER DIES SUNDAY AFTERNOON

Upland Resident Passes at Age of 95 Years; Funeral Wednesday, 2 p. m.

Within one month of his ninety-fifth birthday, Benjamin M. Byer, one of Upland's oldest citizens, died at 2:30 Sunday afternoon, Dec. 27, at the home of his son-in-law and daughter, Mr. and Mrs. E. L. Decker, 339 Sixth avenue.

On Thanksgiving day, which also was his wife's ninety-first birthday, Mr. Byer joined in the family dinner, but on that day he contracted a cold which developed into bronchial pneumonia, causing his death exactly one month later. He would have celebrated his ninety-fifth birthday on February 1.

A native of Canada, Mr. Byer came to Glendale, Ariz., many years ago and for some time he was engaged in raising fruit.

Mr. and Mrs. Byer came to Upland 27 years ago, and for the past 16 years they made their home with their son-in-law and daughter, Mr. and Mrs. N. T. Franklin, at 660 Third avenue, where for 15 years Mr. Byer conducted a shoe repair shop. Last August Mr. and Mrs. Byer went to live in the home of Mr. and Mrs. Decker.

Mr. Byer was an active member of the Brethren in Christ church, expounding his faith in deeds as well as in words, and he and his wife, with whom he had trod life's pathway for nearly 71 years, founded a wholesome Christian home in which they reared a large family.

Those surviving are a son, Elder J. H. Byer, and three daughters, Mrs. Mary Stoner, Mrs. N. T. Franklin and Mrs. B. L. Decker, all of Upland, and another daughter, Mrs. Morice Thompson of Long Beach. There also are 60 grandchildren and great grandchildren, and four nephews and nieces.

Funeral service will be held at 2 o'clock Wednesday afternoon in the Brethren in Christ church, the service being conducted by the Rev. Alvin Burkholder, assisted by the Rev. B. M. Books and the Rev. Fred A. Smith.

It was Mr. Byer's request that no flowers be brought to his funeral, but that an offering be accepted for missions in India, where his grand-daughter, Mrs. Allen Foote, was a missionary for 14 years. This offering will be accepted as a token of the esteem in which Mr. Byer was held.

Right of City To Control Cars On Football May Be Legal Issue

Question may arise as to the right of Upland exercising police regulartory control of Foothill boulevard as a state highway. The city of Upland has by ordinance provided that stop signs shall be put up on Foothill bouelvard at Euclid. This presents an interesting legal question, as explained today by Edward E. Gray, city attorney.

The state law provides that the state highway commission "shall take and have full possession and control" of all state highways. Does that mean Upland, being excluded from all possession and control, shall also be excluded from its police power in relation to stop signs?

Mr. Gray's opinion is, that despite the control vested in the state highway commission, the city of Upland still has the right of exercising police regulatory power over the state highway within the municipal limits.

"My judgment is that the control and possession vested in the state highway commission primarily extends to all civil matters, as opposed to criminal matters," he explained. "At all events admittedly an illegal question arises of interest. The Upland city authorities will desire to work in harmony with the state highway commission, as much as possible, but probably sooner or later this question of the right of a city to interfere with the traffic on a state highway is bound to arise. We hope in this case that the state highway commission will raise no question.

Mrs. Barnard Tells Japanese Mission Christmas Plans

From far away Japan comes news of a Christmas celebration to be held in the Barnard mission school in Hiroshima, the plans being told in a letter written by Mrs. Eugene Barnard (Miss Doris Smith) to her parents, Mr. and Mrs. H. G. Smith of West Tenth street.

Mrs. Barnard stated she and her associates in the mission have a phonograph and have managed to secure six records of Christmas songs, which will help to create Christmas atmosphere. They also are having a popcorn popper made and have found a shop where they may secure marshmallows. With these "reminders or home" the phonograph records and their own sacred service, the missionaries and teachers expect to hold a celebration that will be a joy for themselves and something new for the Japanese students and mission attendants.

ANNUAL NEW YEAR'S DINNER AT CHURCH

Bethany Union Ladies Aid To Be Hostess at Dinner and Program

Plans are being made by the Ladies Aid society of Bethany Union church to hold the annual New Year's dinner in the community hall of the church at 12:30 Friday, Jan. 1. All attendants of the church and friends in San Antonio Heights community and others interested in the church work are to be guests of the Aid members at the dinner and later in the afternoon a program will be given in the church auditorium and a silver offering will be made.

In addition to several musical numbers, the program will include a lecture by Dr. Willeford of Chicago, brother of Mrs. C. E. Gamsby, who gave a wonderfully illustrated lecture on the Passion Play at the dinner last New Year's day. Dr. Willeford is a noted traveler and lecturer and his lecture given without charge for the Aid is a deeply appreciated treat.

The general committee in charge of the dinner includes Mrs. Bert Collins, chairman, Mrs. C. E. Gamsby and Mrs. Mary J. Phelps. Miss Maud Forbes is in charge of the dining room arrangements, assisted by the young people of the church.

Roy P. Carder Free on Driving Charge

Case of Roy P. Carder, manager of an eating house on West Foothill boulevard, was dismissed when a preliminary hearing was held here today on charges of hit and run driving.

Insufficient evidence was presented according to Judge James Sharp, sitting for Judge George R. Crane, to hold Carder to the superior court. It was charged that on Dec. 14 his machine struck a car driven by a Palmdale resident.

Camp Baldy Children Get Valuable Prizes

CAMP BALDY, Dec. 29.—Gifts valued at approximately $200 were distributed to the children of the resort region recently in an annual program. As the result of a memorial trust fund being created by a Chicago millionaire, the resort children each year receive gifts of substantial proportions. Rev. Thomas Olson, resident of the camp, was in charge of the party and gift distribution.

When the young daughter of the Chicago man died, $10,000 was set aside and the proceeds to be used in giving children presents. Part of the money is used here.

UPLAND ROTARY HEARS DR. HILL

Interesting Talk on "Taking the D E I Out of Depression"

An unusually interesting and instructive discussion was given at the weekly meeting of the Upland Rotary club today noon by one of its capable members, Dr. Merton E. Hill, who took for his subject "Taking the D E I Out of Depression." Eliminating those letters from that disagreeable word leaves the more ambitious urge of "Press On," which the speaker stated is the quality we need today. Illustrating his point by referring to previous depressions in history, Dr. Hill showed that each had been followed by an era of prosperity—and the present one will be no exception.

Dr. Hill also informed the club members that his position with the University of California at Berkeley is now somewhat different than when he first took up his work there. His work now is of an administrative nature, he being director of admissions in all branches of the university.

Dr. A. A. Aita, who only recently became a member of the club, gave an interesting birthday talk.

Archie Moore, capable vocalist, was called upon for a solo and pleased the club and guests so greatly he was forced to sing several encores.

President G. A. Hanson was in the chair and the speaker of the day was presented by Dr. A. L. Weber.

Water From Jacob's Well Is Used When Infant Christened

At a special service held Sunday afternoon in St. Mark's Episcopal church, Marian Howe Combs, infant daughter of Mr. and Mrs. Theodore C. Combs, was christened, Dr. Bert Foster, rector, officiating in the presence of 30 relatives and friends.

A unique distinction was conferred upon the baby when she was baptized with water taken from Jacob's well in the province of Samaria, north of Jerusalem. The bottle of water was sent by a cousin of the family to be used in the important ceremony.

Following the christening the attendants were guests of Mr. and Mrs. Combs at an afternoon tea at their home in San Antonio Heights.

Skyward Climb of Begonia Hits Tops

"We have decided not to cut a hole in the ceiling to let it grow taller," L. N. Kirk, postmaster, explained today, in calling attention to the begonia plant, which has grown 12 feet tall to touch the ceiling during its year of growth in the local federal office. It was planted as a slip a few inches high, in the flower pot in the front of the lobby.

It has just touched the ceiling and during its rapid growth upward, many persons have remarked about its climb. Its unusual height has attracted the attention of tourists, especially.

The plant now will incline toward the window, a few feet away, it is believed.

He has been named George Carver, but according to his proud daddy he will be known as "Bud." The youngster weighed eight pounds.

Police, Accident Records Are Blank

Christmas holiday, and heavy rain storms mean law observance and no serious traffic accidents here apparently as the Upland police blotter and accident record dislayed clean sheets.

While local officers were on close vigilance, no arrests were made or accidents investigated during the last five days.

Two aged men were in San Antonio Community hospital today for medical attention.

Godfrey Stamm, father of Geo. T. Stamm, and William B. Genung, West Fifteenth street, were the patients. Their condition is not believed to be serious.

G. H. Sleuman, a former resident of Upland, and father of G. Vernon Sleuman, local citrus grower, was 80 years of age yesterday and the occasion brought together the local man and his family and his brother with the aged parent.

The senior Sleuman is residing in Walnut Park and enjoying an active life.

SPORTSMEN OPPOSE NEW PROPOSAL ON USE OF FIREARMS

Supervisors Get Measure Placing Ban on Hunting in County Districts

UPLANDERS AT HEARING

Tentative Ordinance Backed by Farm Bureau Delayed For Hearing

An ordinance that would virtually ban hunting in the county was prohibited from coming to a vote before the board of supervisors yesterday as the result of protests made by Leigh Thompson and Hubert L. Manker, local Waltonian leaders, and other sportsmen. On Jan. 11, the question will again be before the officials. In the meantime, a new proposal may be framed, embodying provisions along the lines proposed by sportsmen.

An ordinance, which would prohibit the firing of guns within 1,000 feet of a public highway or occupied buildings, was scheduled to be voted on and the occasion brought together Farm Bureau leaders and sportsmen. J. Dale Gentry, who was recently named as a member of the state fish and game commission, heatedly opposed the measure.

A state law is in force at present which gives to the ranchers protection against their property, according to Mr. Manker and it was his contention that an additional county law was unnecessary. Mr. Manker is president of the Old Baldy chapter Izaak Walton league. Mr. Thompson is secretary of the Southern California council of the league.

S. C. Edwards, past president of the county farm bureau, was the spokesman in favor of the proposal. His measure would ban the carrying of firearms on public highways or on private land unless they were encased or knocked down, prohibits operation of rifle ranges and the popular turkey shoots, or the holding of a military funeral, at which shots are fired.

A compromise measure was suggested to be drawn up.

National Orange Show To Commemorate Birth of George Washington

The motif for the 1932 edition of the National orange show at San Bernardino is colonial, commemorating the 200th anniversary of the birth of George Washington. The citrus classic is the first big exposition to so observe the event in honor of the first president of the nation.

A score of paintings depicting the early life of Washington, the episode of the cherry tree, as a soldier at the battle of Trenton and his inauguration, will lend historical interest. The painting of Washington crossing the Delaware will be striking, with its moving cloud effects, rushing water and the aspects of war surrounding. The stage will show a replica of Washington's home at Mount Vernon. Tall columns in purest white, together with colonial chandeliers will transform the orange show display hall into the vintage of 1776.

The entertainment features are totally different than ever before. The show offers a symphony orchestra under the leadership of C il Stewart, a male chorus of .4 voices, a woman's chorus, soloists, quartets and a line of dancing girls presenting musical comedy and light opera with five changes of program. Nothing like it has ever been presented by any coast exposition, it is stated.

Christmas Morning

Christmas is over once more and Christmas meditations may be a little late, but the following from George Barker's Beverly Hills Citizen is so good we are passing it on to the readers of this family journal:

Eighty years old: I am thankful, O Lord, that I greet this Christmas day in good health and with appetite for its good cheer. I am thankful for all the good things of life that have been accorded me during my span; for the days that have been given me to witness the great progress of the human race from the ox-cart to the automobile, from the dip candle to the incandescent light, from the cycle and scythe to the harvester and combine; from the narrow Puritanic day of self-righteousness and superstition to the free expression of religious tolerance and understanding. I thank Thee for these grandchildren at my knee. May they be worthy of Thy careful bounty and preserve them to this republic under whose folds I have found opportunity and protection and a long life. May they learn that wealth comes from service and that Thy inscrutable laws in the marts of trade are no less sure than Thy eye which sees the sparrow fall and the rose unfold. And when the shadows fall let it be by Thy still waters.

Sixty years old: I thank Thee, O Lord, that I have yet a little way to go to bind wounds and remove the tares of my generation. Hold my hand steady and my brain clear to do the work before me. Yesterday I thought myself rich in worldly goods. Today I realize with contrite heart that real riches are friends and the communion of friends. I have many of them and for these I thank Thy generous bounty.

Forty years old: I have yet time to make another fortune. The old U. S. A. has been hurt before but never broke. I believe in the Stars and Stripes and that under their folds we shall proceed again to prosperous days. I have confidence in myself, faith in my country, and in the great common people of our towns and farms to find a way out.

Twenty-five years old: The old order changeth. The heritage I expected is pretty well shot. But I have youth and strength. The new generation will put the old house in order, believe me.

Ten years old: Daddy, gimme two-bits. Bill Jones, who pitched on our team last summer and won the game from the Second Ward Stars,—his dad is out of work and the kids are taking up a collection to take them a turkey. Gee, dad, I'm glad you've got a job.

Notes of Society

Miss McPherson Bride of Warren Wilken

Happily selecting Christmas eve as the time for their wedding, Miss Ruth McPherson, daughter of Mr. and Mrs. John T. McPherson of 931 Fifth avenue, and Warren Wilken of Dayton, Ohio, son of Mrs. May Wilken of Dayton, were united in marriage Thursday evening at 6 o'clock at the bride's home.

Gay holiday decorations were used throughout the rooms, the bright Christmas berries, Cotoneaster, and fernery predominating.

The bride wore a lovely silk crepe wedding dress in the new tile shade, with harmonizing accessories, and carried a beautiful shower bouquet of lilies-of-the-valley and ferns. She was attended by her sister, Mrs. Thomas Franks, who was attired in becoming yellow silk crepe. Mr. Franks attended the bridegroom as best man.

The ring ceremony was impressively read by the Rev. E. G. Benson of Artesia, New Mexico, in the presence of a number of relatives.

The bride, who was reared in Upland, is a graduate of Chaffey high school and has many friends throughout the district who are much interested in her marriage. Mr. Wilken came to Upland from Ohio only four months ago and during that brief time he made a number of friends and won a charming bride. Several prenuptial social affairs were given in honor of the couple.

Mr. and Mrs. Wilken left Monday morning for Dayton, where they will make their home, Mr. Wilken being an employe of the large Roselawn poultry farm.

Woman's Club Events Being Planned

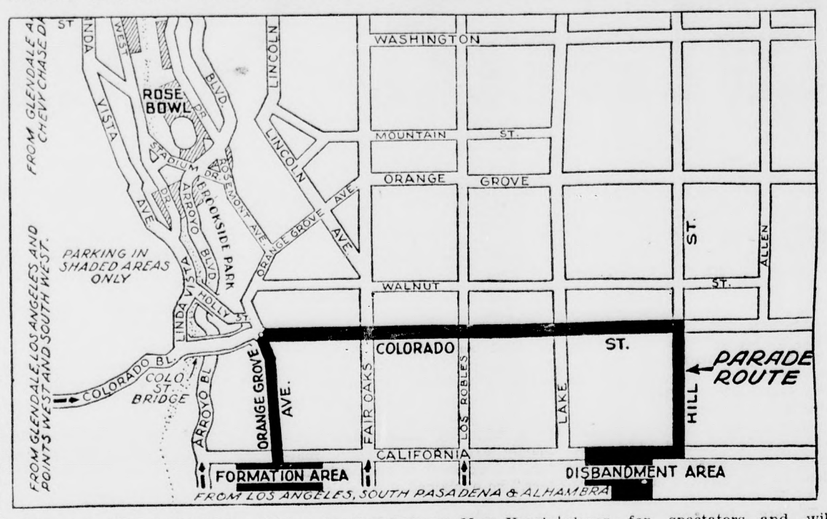

Plans are being made for a number of interesting events at the Upland Woman's club during the first month in the new year, in addition to the two club meetings when excellent programs will be given.

The executive board meeting with Mrs. Nora M. Eells presiding, will be held in the club house on Monday morning, beginning at 9:30 o'clock.

On Tuesday afternoon, Jan. 5, the public speaking and parliamentary law section will meet. Mrs. Una R. Winter, section chairman, will conduct a lesson on either parliamentary law or public speaking, and the remainder of the program will be presented by several of the members, previously designated by Mrs. Miles Harnly, assistant chairman. Mrs. F. C. Buffington will act as president for the meeting, Mrs. D. C. Perry will be secretary and the speakers will be Mrs. J. F. Sawyer, Mrs. Etta Johnston and Mrs. Clyde Whiteley.

Meetings of other sections will be held later in the month and plans are being made for some interesting new work to be taken up during the month.

New Route Outlined For Rose Tournament Parade

When the 1932 Tournament of Roses swings into line to be reviewed by close to a million persons in Pasadena on New Year's day it will go over a new route which will afford more vantage places for spectators, and will leave more streets open to traffic immediately following the parade.

Christmas Party for Telephone Staff

Telephone operators in the Upland office had their "numbers called" Thursday afternoon and there was no "line busy" and no need for a second ring, when the girls held their annual Christmas party in the recreation room.

The party was held at 2 o'clock, the hour when the traffic load is at the lowest, and by attending the party in relays the operators were able to carry on their work with their usual efficiency and yet enjoy the festivities.

There was a prettily decorated tree, gay with many colorful packages. Gifts were exchanged by the operators and they also received numerous gifts from the business firms of the city, an expression of appreciation for the service given during the year.

Other very acceptable gifts from individual patrons were two delicious cakes and ice cream, so the party was concluded with the serving of refreshments.

Mrs. C. H. Haughs, chief operator, and her staff wish to publicly thank all friends who helped to make their Christmas party a happy one.

Participating in the party were Mrs. Haughs, Mrs. Robert M. Klindt, Mrs. Charles Ayers, Mrs. Asa Jones, Miss Olga Burden, Miss Edna Tilden, Miss Beulah Mattox, Mrs. Lorena Decker, Miss Berina Lohrey, and Mrs. Mabie Lafluf, bookkeeper.

Ontario, Pomona Clubs to Attend Upland Club Dinner—

With the exception of the usual routine matters, members of the executive board of the Upland Business and Professional Women's club found but few items of business awaiting consideration when they held the December session last evening at the home of Miss Margaret Doig, recording secretary. The meeting was conducted by the club president, Mrs. Gladys Chormicle.

Plans for the January club dinner meeting to be held in the Upland Woman's club house next Tuesday evening when the guest of honor and speaker will be Mrs. Florence Galentine, Southern District president, were discussed and the recording secretary, Miss LeOla R. Lee, was instructed to send invitations to the Ontario and Pomona clubs to attend the dinner and hear the president's address.

Announcement of another meeting that will be of interest to the club members was made by Mrs. Chormicle when she told of the district meeting to be held in Pasadena on Saturday, Jan. 9. The program at that meeting will include numbers by the Cotton Blossom singers.

The inclement weather prevented the attendance of several board members last night, those present being Mrs. Ernest Olson, Miss LeOla R. Lee, Mrs. Lottie Fuller, Miss Lois Kent, Mrs. Olive Mellon, Mrs. Chormicle, Miss Florence Armstrong, a visitor, and Miss Doig.

Mr. and Mrs. Charles Gemmell and their daughters, Lois and Marian, motored up from Brawley on Christmas morning for a surprise visit with Mrs. Gemmell's mother, Mrs. Mary Gentry. They arrived at noon, bringing with them their Christmas dinner of roast goose, cranberry sauce, cake and many other seasonal dishes.

In the afternoon Mrs. Gentry and her guests motored over to Claremont to visit with Mr. Gemmell's parents, Mr. and Mrs. A. A. Gemmell, and other relatives, who were guests in the home.

After enjoying a pleasant afternoon with the Claremont relatives, Mr. and Mrs. Charles Gemmell and daughters and Mrs. Gentry returned to the Gentry home for the night, and at 10 o'clock Saturday morning the Gemmell family left for their home at Brawley.

San Antonio Chapter Hears Reports and Program—

The reading by Mrs. E. W. Henry of the Christmas message of the president general, Mrs. Lowell Fletcher Hobart, and an interesting review of Bernard Say's "Life of Franklin" by Mrs. Marie Jesson, were the features of the program enjoyed by members of San Antonio chapter, D. A. R., when they held their December meeting Monday afternoon at the home of Mrs. C. W. Walker in Ontario. Mrs. Frank L. Allen, regent, presided at the meeting.

Of particular interest to the chapter members was a report by Mrs. Thos. R. Cummins of the reciprocity meeting held earlier in the month by the Claremont chapter and which was attended by five members of San Antonio chapter. Another important reciprocity meeting at which the chapter was represented by Mrs. E. W. Thayer was the one held by El Camino Real chapter in Hollywood.

A brief business session was conducted by Mrs. Allen and the meeting was concluded with the serving of refreshments.

Southern Cook Gives Persimmon Pudding Recipe—

Persimmon time is here, this luscious fruit being at its best after a white frost. The persimmon is indigenous to the south and one of the prize southern dishes is persimmon pudding.

The fruit is now being displayed in the markets and recently several shoppers have been heard to inquire for pudding recipes—and the obliging clerks tried manfully to give the proper culinary information—but a written recipe is much more convenient.

The recipe given here was secured from a real southerner, Mrs. Clifford eJllison, who learned to make delicious persimmon pudding down in Louisiana.

Persimmon Pudding

4 cups persimmon pulp, 2 cups sugar, 2 cups sweet milk, 1 1-3 tsp. soda, 2 cups nuts, 1-2 cup ginger, 4 eggs, 1 1-2 cups flour, 2tsp. baking powder, 4 tbsp. butter, 1-2 tsp. cinnamon, 1-2 tsp. nutmeg. A little allspice and cloves if desired.

Cream butter and sugar; sift baking powder, soda, spices, in the flour and add the butter and sugar alternately with the milk. Add the persimmon pulp. If bread crumbs are used, add them next. Then add egg yolks well beaten. Last fold in the stiffly beaten whites. Bake slowly about 40 or 50 minutes. Serve either hot or cold with plain or whipped cream or any good pudding sauce. Serves sixteen.

CAUTION: Do not use too much spice as it spoils the natural fruit flavor.

48,000 Cars To Be in County, Belief

The department of motor vehicles expects a total registration of automobiles of approximately 48,000 in San Bernardino county for 1932, while the county's horse population (according to the board of equalization's latest figures) is 3,756.

Business Women Will Greet President

The annual visit of the president of Southern district, California Federation of Business and Professional Women's clubs, will mark the January dinner meeting of the Upland Business and Professional Women's club to be held on Tuesday evening, Jan. 5, when Mrs. Florence Galentine is the guest speaker.

Mrs. Galentine is well-known to most of the members of the Upland club and her appearance here is being anticipated with much pleasure.

The musical feature of the program will be provided by the popular girls trio from Chaffey junior college, the Misses Helen Guy, Nellie Paxson and Helen Lewis, accompanied by Shirley Snider.

The dinner is to be held at the Upland Woman's club house, a popular meeting place with all the club members.

HAWAIIANS VICTOR IN PANTHER GAME

Visitors Outpass and Outtackle Chaffey to Win 12 to 0

When the Kamehamehans tackled, there was no fooling about it; when they attempted to pass, they knew how to do it, and when they carried the ball, they didn't waste any time about it and so Chaffey junior college lost 12 to 0 in the gridiron contest on Graber field Saturday.

Coached and captained by the Wise brothers, the Honolulu football machine dashed around end, occasionally through the line and flipped passes here and there to provide varied entertainment for the fans who saw Coach Bert Heiser's Panthers humbled.

Three times Chaffey was almost over the goal line, but the fighting little fellows from the islands held. Twice the visitors punted out of danger and once they attempted what usually is suicide, a pass from behind their own goal line. Fillius intercepted this throw but again the Panthers were unable to find a hole for a touchdown.

Captain "Spec" Bosch, Elrod and Segouspe, alternating quarters, and Kirkpatrick were bright lights of the Chaffey attack.

As to the Wise brothers, Daniel, the captain, saved his best speed for the last quarter, when he got away for two runs of nearly 40 yards each. The final touchdown came after his sensational open field running. "Bill" Wise, a former Honolulu university star, a picturesque Hawaiian, is the coach.

The first counter came in the second quarter on a beautiful pass from Wise to Murray, star end, who caught the pigskin over the goal line.

The visitors fumbled frequently, any they fought against a weight disadvantage of nearly 20 pounds to the man, but their speed, their hard tackling and their passing attack, however, offset the splendid snowing of the heavy Panthers.

The visitors are being entertained in the southland and will leave for home after seeing the Tournament of Roses parade at Pasadena Friday.

The Rev. and Mrs. Joshua Bacon of Campus avenue, had as their guests Saturday and Sunday Mr. and Mrs. Charles Leopold, friends from San Diego.

Mrs. B. A. Stull, who is living in Santa Barbara now while Mr. Stull is employed there, was a visitor in Upland over Christmas at the home of her daughter, Mrs. Oris Heinauer.

The Rev. and Mrs. E. G. Benson of Artesia, New Mexico, are here spending the holidays, having arrived the day before Christmas. They are visiting the Rev. Mr. Benson's mother, Mrs. Asa O. Wonch, and Mrs. Benson's parents, Mr. and Mrs. S. S. Myers.

Mr. and Mrs. Frank Fry of Long Beach were guests Sunday and Monday of Mr. and Mrs. J. H. Freeman at their home on Vernon drive. The Frys and the Freemans have made several long pleasure trips together and they find much pleasure in their visits.

Upland Theater Will Reveal How Maynard Gets to Be Sheriff

In a western story that presents him as the sheriff of a tough cowtown in the days of the open range, Ken Maynard delivers a fast and thrilling picture in "Branded Men," on the bill at the Upland theater Wednesday and Thursday.

Maynard is seen as one of a trio of pals who, after their horses are stolen, volunteer to fill the temporarily vacated office of sheriff in a town unofficially ruled by a gambler and his clique of henchmen, who have in their clutches the brother of a girl Ken is interested in and whom they are trying to use in their rustling schemes.

Ken outwits, outsmarts and outshoots the rustlers, rescuing the boy and winning the girl, but not before an hour's thrilling action entertainment has been unreeled on the screen.

Robert Klindt, local grocer, is confined to his home with an attack of the flu.

Mrs. F. L. Warburton had as her week-end guest, her cousin, Mrs. Jessie Barnes of Los Angeles.

Dr. E. P. Kermott, of 621 Euclid avenue, has been very ill for the past 10 days, however, a report from the home today gives the encouraging news that he is somewhat improved.

Judge George R. Crane, who has been confined to his home with an infected foot for the past two weeks, is very much better today and is able to walk about the house. He hopes to return to his office this week.

Mrs. J. A. Mumm of Portland, Ore., is spending the holidays here with her brother and sister-in-law, Mr. and Mrs. F. L. Warburton and family on Euclid avenue, also with her parents, Mr. and Mrs. F. R. Warburton of Pomona. Mrs. Mumm expects to return home Sunday.

Mrs. M. H. Bordwell returned Saturday from the San Antonio Community hospital to her home on First avenue, after a three-weeks illness from a severe cold that threatened to develop into pneumonia. Mrs. Bordwell is now sufficiently recovered to be up and about the house.

Father: "This thrashing I'm going to give you, Clarence, will hurt me more than it does you."

Clarence: "Well, pop, don't be too rough on yourself. You ain't been feeling well lately."

"Why did you give up the stage after appearing in that old Roman play?"

"The audience wanted me to be thrown to them instead of to the lions."—Smith's Weekly, Sidney.

BILLY'S UNCLE

NEW BOOKS READY AT PUBLIC LIBRARY

January List Includes Many Good Books for Adults and Children

By Ruth West,
Member Library Staff

The Upland public library suggests this New Year's resolution that will be easy to keep: "Let it be resolved that I shall visit the library more often and that I shall read not only the current books which appeal to me, but let it be further resolved that I shall hunt up all the others that I have been promising myself for years to read, and read them." And with the help of the members of the staff, the attractive new books and the equally colorful re-bound ones as well as all the old favorites on the shelves, who wouldn't, at the end of the year, be repaid many times not only for information gained but for memories enriched.

A glance at the January exhibit will please the most exacting reader. Good fiction by not a few eminent authors, several good mysteries, and a very lovable dog story start the ball rolling merrily.

In the next group, Harry Carr's "Old Mother Mexico" will find a host of eager readers for nearly everyone follows with interest his characteristic "Lancer" column in the Times. "The Macadam Trail," by Mary Day Winn, is a record of a tour of the United States by motor. Many of us have had this treat, and the rest are looking forward to it—so from any point of view it will be welcomed. The illustrations are charming.

Waldo Frank gives us a very discerning book on Spanish America. He has actually achieved the impossible when he answers the very difficult questions which constantly arise in connection with a country of coming importance. Glascock's "Big Bonanza" portrays the spectacular rise and fall of the most famous gold mining town in the history of America—Virginia City.

New selections from the Junior Literary Guild for the children add color and interest to the list. Rachel Field's "Calico Bush" for older girls, Paul Eipper's "Circus" for older boys and "Fairy Circus" by Dorothy Lathrop for younger readers are characteristic of the Guild's selections all the year round for the children of America.

The books go on exhibit Tuesday and into circulation Friday.

Local Man's Brother Experiments in New Paralysis Preventive

Progress is being made toward prevention of infantile paralysis and one of the principal leaders in the new work is Dr. Earl T. Engle, brother of Dr. Irvin A. Engle, minister of the Upland Methodist church. He is a member of the faculty of Columbia university college of physicians and surgeons. He formerly was with the Stanford university college of medicine and two years ago was one of our research men in Africa studying the disease.

In the experimental work, Dr. Engle is associated with Dr. Claus W. Jungeblut. Their results have just been submitted in a preliminary report to the pediatric section of the New York Academy of Medicine.

By making your monkeys too old for their age, the two scientists have discovered a phenomenon which they hope may lead to a preventive against the disease. They injected extracts from the anterior pituitary glands of sheep and rats into immature monkeys of an age similar to the juvenile period when human children are most susceptible. Then they inoculated the monkeys with a strong dose of infantile paralysis virus from human beings.

Instead of dying as other monkeys had when subjects to the virus without a previous injection of the hormone extract, they resisted the disease.

According to an Associated Press dispatch, the two scientists characterized their work as preliminary, but their colleagues at Columbia declared the tests to be of the utmost significance.
